

Marshall W. Nelson & Associates

Process Heating and Control Engineering Since 1958

BUILDING EXCELLENCE INTO EVERY PROJECT

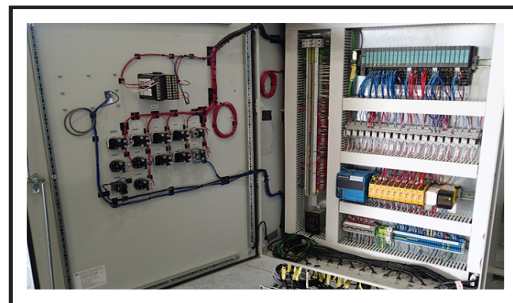

We are a certified UL 508A Panel Shop, which is a rigorous standard for industrial control panel builders. We offer consultation, 3D design, engineering review, assembly, full inspection and testing, shipment and installation. Utilizing our extensive inventory of combustion products, we are capable to build your control panel on time and on budget.

Our knowledgeable field service staff is available to provide training on your control panel and operator interface system. Provided in each control panel are guidelines, schematic drawings and certified testing.

Here are some photographs of custom control panels we have designed:
