COMPLETE SYSTEM SOLUTIONS

PROVIDING SOLUTIONS TO OUR CUSTOMERS

CUSTOM CONTROL PANELS

Our UL 508A Certified Panel Shop is equipped with knowledgeable staff, an extensive inventory of supplies and expertise in assembly.

Written documentation is included with the custom control panel when delivered.

CUSTOM GAS VALVE TRAINS

Each Gas Valve Train is precisely engineered and built to customer's specifications, as well as tested and calibrated before leaving our shop.

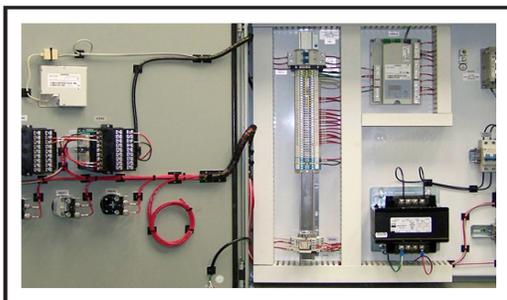

We design for a variety of applications, using 3D modeling and custom colors as requested.

OEM ASSEMBLIES

Original Equipment Manufacturer (OEM)
Assemblies made to your specifications.

Whatever the application requirements, we engineer to meet your specifications, assemble to your dimensional requirements, test and ship in a timely fashion.

STANDARDIZED CONTROL PANELS

Introducing The Fire Marshall.

This Combustion Safety Supervisor Panel is constructed from a series of configurable options for the burner management system, motor starters and temperature controls. Available in three levels with a range of options.
